How to Qualify...

Explore the tax credit eligible products at HD Supply Repair & Remodel and determine your home's needs. www.HDSRR.com

Visit energystar.gov/taxcredits and consult your Tax Advisor to find out how you may be eligible for a federal tax credit under the "American Recovery & Reinvestment Act of 2009".

Purchase select energy-saving products from 1/1/09 - 12/31/10 from HD Supply Repair & Remodel. Keep your receipts and print your manufacturer's certification. Tax credits are available at 30% of the cost, up to \$1,500 maximum per homeowner.

File for tax credit on your qualifying energy efficient home improvements placed in service by 12/31/10. Consult your Tax Advisor for appropriate forms.

Beginning January 1, 2009 through December 31, 2010, when you purchase qualifying energy-efficient items from categories such as doors, windows, water heaters, roofing and insulation, you may be eligible to claim a tax credit of up to 30% off the purchase price on your 2009 or 2010 tax return (up to \$1,500). A qualified tax advisor should be consulted to determine eligibility.

* Eligible products must be placed in service from January 1, 2009 through December 31, 2010 in the taxpayer's principal residence. For record keeping, save your receipts, the Manufacturer Certification Statement and product labels containing U-factor/Solar Heat Gain Coefficient. Product categories are subject to change over the tax credit period. Please visit Energystar.gov/taxcredit and consult your tax advisor for the latest information.

HDSRR Product Categories Eligible For Tax Credits:

Product Category	Product Type	Tax Credit Specification	Tax Credit	Notes
Insulation	Insulation	Meets 2009 IECC & Amendments	30% of cost, up to \$1,500	For insulation to qualify, its primary purpose must be to insulate (example: insulated siding does not qualify). Must be expected to last 5 years OR have a 2 year warranty Check to see if you have Home Performance with ENERGY STAR in your areas. Adding insulation to your home is covered.
Windows & Doors	Exterior Windows	*Important Change: Before June 1, 2009: Must meet ENERGY STAR criteria After June 1, 2009: U factor \leq 0.30 SHGC \leq 0.30	30% of cost, up to \$1,500	Not all ENERGY STAR labeled windows and skylights qualify for tax credit.
	Exterior Doors	*Important Change: Before June 1, 2009: Must meet ENERGY STAR criteria After June 1, 2009: U factor \leq 0.30 SHGC \leq 0.30	30% of cost, up to \$1,500	Not all ENERGY STAR doors will qualify.
Roofing	Asphalt Roofs	All ENERGY STAR qualified reflective asphalt shingles	30% of cost, up to \$1,500 on materials only. Installation or labor costs are not eligible for the 30% tax credit.	Roofs eligible for the tax credit are "reflective asphalt shingles" that meet ENERGY STAR requirements.
Water Heaters	Gas Water Heaters	Energy Factor \geq 0.82 or a thermal efficiency of at least 90%.	30% of cost, up to \$1,500	All ENERGY STAR gas tankless water heaters will qualify. View ENERGY STAR criteria for water heaters. For a partial list of qualifying products go to: Air-Conditioning, Heating, Refrigeration Institute (AHRI) at www.ahrinet.org/Content/FederalTaxCredits_896.aspx

- Must be "placed in service" from January 1, 2009 through December 31, 2010
- Must be for taxpayer's principal residence
- \$1,500 is the maximum total amount that can be claimed for all products placed in service in 2009 & 2010 for most home improvements
- Must have a Manufacturer Certification Statement to qualify
- For record keeping, save your receipts, the Manufacturer Certification Statement and product labels containing U-factor/Solar Heat Gain Coefficient if applicable
- Improvements made in 2009 will be claimed on your 2009 taxes (filed by April 15, 2010) — use IRS Tax Form 5695 (2009 version) — it will be available late 2009 or early 2010
- If you are building a new home tax credits for windows, doors, insulation, roofs, HVAC, or non-solar water heaters are not eligible.
